

THOMAS KRENN[®]

IT's people business

About us

Serverpower from the Bavarian Forest

We are a **leading European manufacturer of individual server and storage systems** with over 20 years of experience. Our name stands for high-quality hardware based on the build-to-order principle.

As a **solution provider**, we are a strong partner in hardware-related development for industry, **contract manufacturing, product finishing and logistics.**

Hard facts

We are modest at heart, but we are also a little proud

21,000+
Active customers

30+
Countries

200+
Employees

20+
Years of experience

50+
Mio. € annual
revenue

17,000+
Servers built
per year

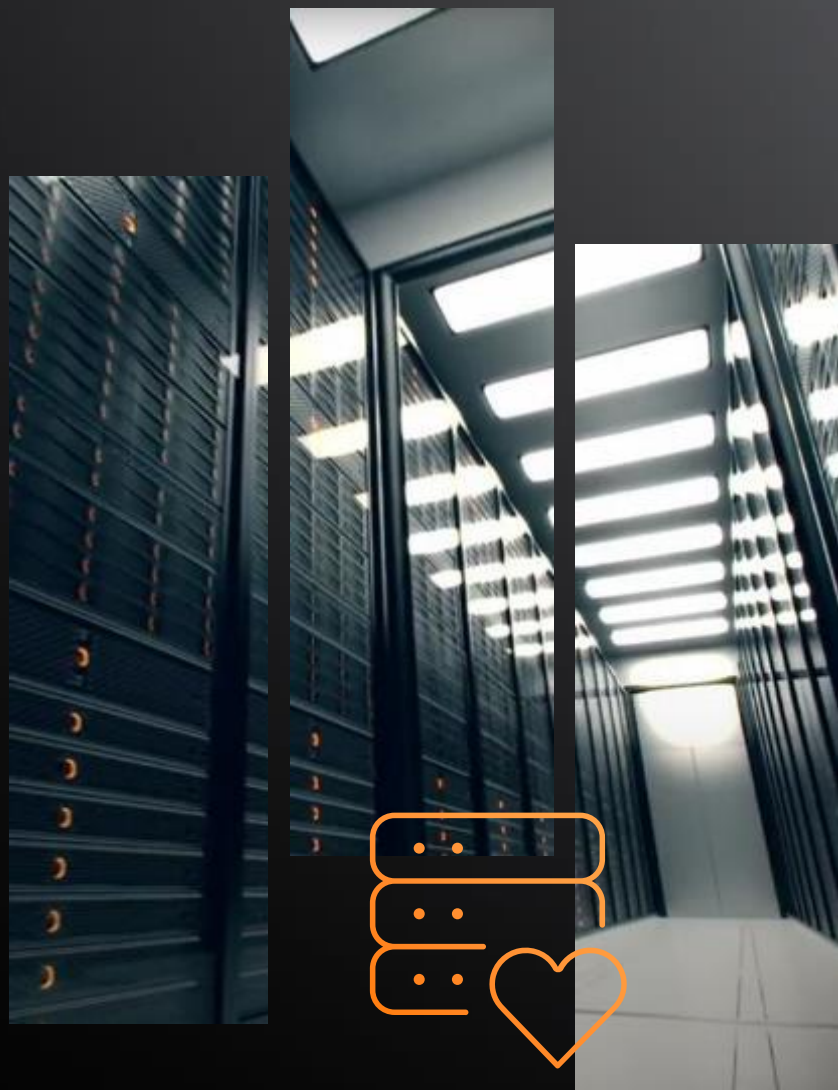

Broadly positioned

Thousands of customers from a wide range of industries speak for themselves.

For us, there is no such thing as too big or too small.

We see our customers as partners on an equal footing – regardless of whether they are corporations, SMEs, system houses, data centers or public institutions.

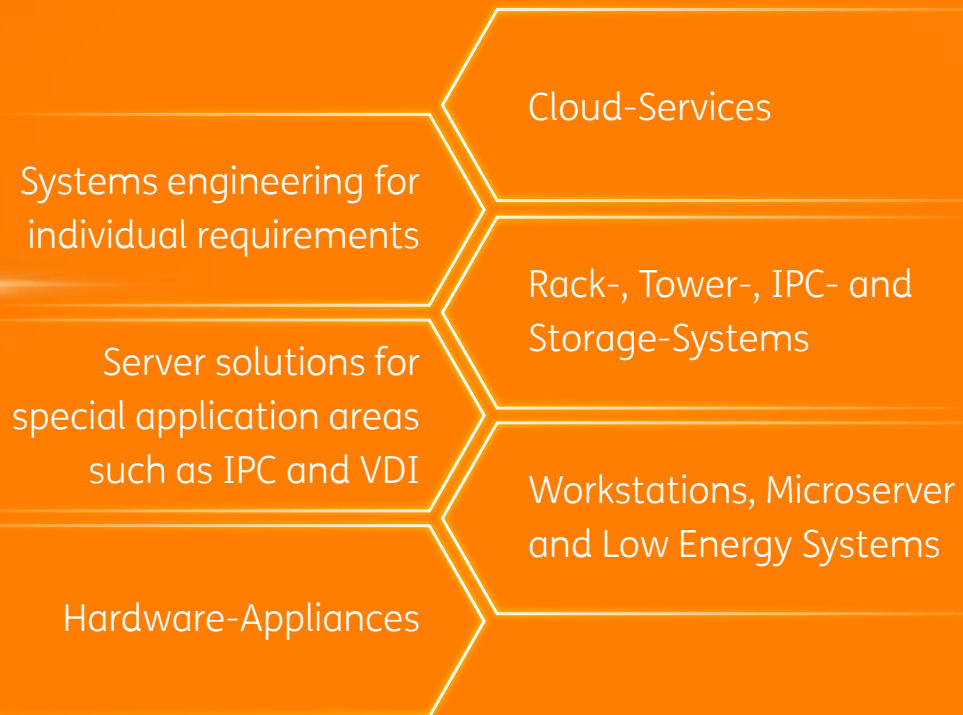

Overview of services

Broken down to the essentials

Everything is customized and made to measure, of course.

**“Custom-made with
manufacturing standards”**

Systems Engineering

Where standard solutions reach their limits, we really get going.

- ⬡ Project support from the first draft to the production of custom-made systems
- ⬡ Design and manufacture of individual enclosures:
We build server shapes beyond your imagination – seriously.
- ⬡ Branding as desired
- ⬡ Hardware in corporate design

Industrial systems

Customized, high-performance and long-term availability

- ⬡ Reliable 24/7 continuous operation
- ⬡ Manufactured to the highest quality standards
- ⬡ Requirements individually configurable
- ⬡ Robust design – for use in harsh environmental conditions
- ⬡ Flexible application options

For sure. No strings attached.

What you can rely on.

- ⬡ **100 % made in Germany:** We produce exclusively at our headquarters in Freyung in the Bavarian Forest.
- ⬡ Every Thomas-Krenn system only leaves the company after **extensive, standardized testing.**
- ⬡ At Thomas-Krenn, you can reach one of our trained and **multi-certified support staff** at any time.
- ⬡ From the **first contact** to **individual advice** and the **entire life cycle** of your systems – **your personal contact** is always there to help you.
- ⬡ Services at Thomas-Krenn **means fast and direct help.**

Quality Assurance

Best conditions for the highest quality.

- ⬡ Production in a closed ESD area
- ⬡ State-of-the-art ESD clothing and wristbands
- ⬡ Mandatory ESD tests
- ⬡ Regular renewal of the ESD layer in the production area
- ⬡ Optimized air humidity
- ⬡ Enough testing-stations for extensive testing

**"Perfection is
our claim"**

The best Performance requires a reliable system.

„Transparent processes instead of gut decisions“

Clear definition of processes and responsibilities

Recording and monitoring a wide range of key figures and targets

Ensuring the fulfillment of requirements and expectations through regular internal audits

Official certification according to DIN EN ISO 9001:2015 by TÜV Süd

Sustainability

It is not our
“contribution to
society” – it is
our daily living

Silent, energy-saving Low Energy Server
& “Blue Angel” certified systems.

Server waste heat as heating for the production hall
& electricity from solar energy.

Health days for employees & donations for social
projects instead of Christmas gifts for customers

Values – the basis of our actions

From garage to
market leader.
Such growth requires
a solid foundation.

Quality

Passion

Openness

Partnership

Sustainability

Values – the basis of our actions

From garage to
market leader.
Such growth requires
a solid foundation.

Sounds like a cliché – but it's true.

We make the difference

- ⬡ Everything from a single source
- ⬡ Personal advice, also on site
- ⬡ Presales consulting
- ⬡ Co-managed services as implementation support
- ⬡ Special solutions for special requirements
- ⬡ 24/7 service and support on request
- ⬡ Pre-installation
- ⬡ Customized hardware branding
- ⬡ Online configurator with intelligent filter functions

“We are **always there for our customers** and want to pass on our experience and knowledge to them as well. Out of this endeavor to always offer our customers an optimal solution for their needs, the **in-house Thomas-Krenn-Wiki**”

Just in case you still have any doubts

Our partner network

- Customized partner products such as hardware bundles and appliances
- Cooperation with leading manufacturers for innovative technologies
- The latest technologies and products in our portfolio
- Outstanding service, support and logistics provided by our partners
- Continuous training of our employees in cooperation with certified partners

“Partnerships with global market leaders such as Intel, Microsoft, VMware, NVIDIA and AMD, as well as our **commitment to the open source scene**, guarantee the latest product lines and **compatibility with all common operating systems and software stacks.**”
